CAREER OBJECTIVE

Motivated B.Sc. Computer Science graduate with hands-on experience in Java, Python, React.js, SQL and Cloud Fundamentals. Developed full-stack and AI-powered applications through internships and academic projects. Strong foundation in software development, problem-solving, API integration and database management. Seeking an entry-level role to contribute, learn and grow in a dynamic environment.

TECHNICAL SKILLS

Programming Languages

Java, Python, C++

Tools

Git, GitHub, VS Code, Linux

Cloud & AI

Microsoft Azure (AZ-900)

AI Chatbot Development

Frontend Technologies

HTML5, CSS3, JavaScript, React.js

Databases

MySQL, Oracle

Professional Skills

Problem Solving, Analytical Thinking, Communication Skills, Team Collaboration, Agile Methodology

INTERNSHIP EXPERIENCE

Infosys Springboard Virtual Internship 6.0

AI/Software Developer Intern | Feb 2026 – April 2026

- Developed a Cryptocurrency Portfolio Management System using Spring Boot, React.js, MySQL and JWT Authentication.
- Built secure RESTful APIs for portfolio management and real-time data processing.
- Integrated CoinGecko, Binance and Etherscan APIs for cryptocurrency price tracking and analytics.
- Implemented authentication, authorization, validation and exception handling mechanisms.
- Collaborated in Agile-based development workflows and participated in testing and debugging activities.
- Improved application reliability and user experience through continuous enhancements.

PROJECTS

College Administrative System

Java | Spring Boot | Hibernate | JSP | Oracle | REST APIs

- Developed a full-stack web application for managing students, faculty, attendance, courses, and academic records.
- Implemented role-based authentication and secure access control mechanisms.
- Built REST APIs and integrated backend services with frontend modules.
- Applied MVC architecture and software engineering best practices throughout development.

BankBot AI – Banking Chatbot

Python | Streamlit | NLP | Ollama

- Built an AI-powered chatbot to automate banking FAQs using NLP techniques
- Integrated Ollama-based AI model for dynamic query response generation
- Implemented domain restriction logic to ensure accurate banking-related responses
- Improved response accuracy using keyword matching and similarity algorithms

EDUCATION

B.Sc. (Computer Science) | CGPA: 9.04

Sangola Mahavidyalaya Sangola, Solapur

2026

HSC (12th) | 65.50%

Sangola Vidyamandir Prashala & Junior College Sangola, Solapur

2023

SSC (10th) | 88.40%

Shridhar Kanya Prashala Nazare, Sangola, Solapur

2021

ACHIEVEMENT

Microsoft Azure Fundamentals (AZ-900)

2026

Scored 82.59% in TCS iON NQT

2025

Certifications in Java, Python, AI and Database Management

2025
